TEST

Welcome!

Welcome to Cloud Adventure Workshop Checkpoint.

Select the 'Question List and Score' on the left to select a question you wish to answer as well as your score for each question.

We will track your time from when a question is first viewed until when it is answered correctly. Since there is a penalty of 1 point for every wrong answer, and we track the number of attempts to answer a question, guessing is not suggested.

Scoring is 4 points for the first person to answer correctly, 3 points for the 2nd, 2 points for the 3rd, and 1 point for everyone after. In case of a tie, shortest time wins!

Use the Score Board on the left to see how you are doing compared with everyone else. The scoreboard automatically refreshes when someone starts or answers a question.

Have fun and good luck!

Instructions

Use the menu button (3 lines at top/left corner) to open and close the menu.

Click on 'Question List' to see the current list of questions to be answered and the responses for any that you have already completed. The 'Score board' will show your results compared with the other respondents.

Answer First Question Only

O

Did You Know...

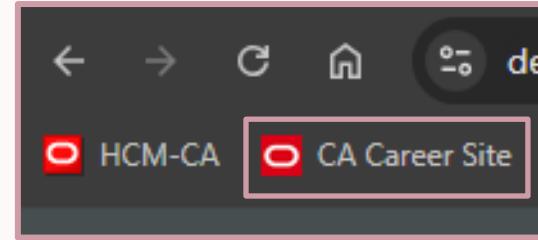

76% of people say that not hearing back from an employer after a job interview is more frustrating than not hearing from someone after a first date.

58% of candidates have turned down an offer because of poor Candidate Experience.

Accessing the External Career Site

We recommend you test the candidate experience using the laptop in front of you.

Cloud Adventure Survey

The image displays two overlapping interfaces. The top interface is the Oracle Cloud navigation bar, featuring a search bar, user profile, and various menu items like Procurement, Risk Management, Supply Chain Execution, Payables, General Accounting, and Planning. Below this is the main Oracle Cloud dashboard, which includes a 'Me' section with quick actions for Add Absence, Contact Info, My Public Info, My Organization Chart, and Existing Time Cards. The 'APPS' section contains icons for Personal Information, Connections, Journeys, Pay, Adventure Checkpoint, Activity Guide, Mobile Experience QR Code, and Cloud Adventure Survey. The bottom interface is a separate application titled 'CLOUD ADVENTURE CHECKPOINT'. It shows a welcome message, the Oracle logo, and user information (User 777). It includes instructions for the survey and a prominent green 'Start Survey' button.
